

Thank you for choosing Isabella Citizens for Health, Inc. for your health care needs. The following information is for your records regarding the Center's policies and procedures:

We have **Advance Directive** forms that will designate a patient advocate and give directions for healthcare. This includes plans for emergency and end of life care. If you would like a copy, please ask our office staff. This can be completed with family, friends, or your attorney. Once completed, please submit to the office to be included in your medical record at the Center. If you already have an Advance Directive, we would appreciate if you would ring it in so that we can copy it for your record.

We also have copies of the Center's **Notice of Privacy Practices**. If you would like a copy of this document, please ask our office staff. The Notice of Privacy Practices is also available on our website, www.isabellahealth.org.

Thank you.
